## Templeton Boots Kopleman & Paige

Fixcarver researchers have uncovered a video of a July 9, 2012 Selectmens meeting in Templeton Massachusetts at which Kopelman and Paige was replaced as Town Counsel in a unanimous vote. The meeting had to be relocated due to the large turn out. Inquiring minds will note that none of the disgruntled residents are named either Paul Johnson or Dawn Padovani yet many complaints are strikingly similar to problems to here in Carver. Selectmen Ward and Hewins might wish to review the video. For those who don't wish to muddle through the entire video start at 5 min 30 seconds and watch the last ten minutes of Kopleman & Paiges tenure and you will recognize many of the issues we face in carver.

We also uncovered a local blog from Templeton which discusses some of their issues.

The video and blog demonstrate clearly that the people of fixcarver and other Carver critics of K&P are neither alone nor crazy.
